

Tuesday, 8 June 2010 - Training Tracks

| Track Name | Fundamentals | Practitioner | Integration | Exhibitor Sessions |
|---|--|--|---|---|
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 2 |
| Continental Breakfast Served from 7:00 - 8:00 | | | | |
| Training Tracks Overview 8:00 - 8:30 - Harbor Island 2 & 3 | | | | |
| 8:45-10:15 | FD 01 - Cost Estimating Overview / Basics Tom DuPre, TASC Tom Dauber, Booz Allen Hamilton | PC 03 - Parametric Analysis Overview Roy Smoker, MCR | IN 09 - Monte Carlo Simulation Eric Druker, Booz Allen Hamilton | EXB02 - Next Gen Software for Integrated Project Cost Management Jeff Lutton, EcoSys 9:00 - 10:00 |
| Break | | | | |
| 10:45-12:15 | FD 02 - Cost Estimating Techniques Kent Joris, TASC Sam Toas, TASC | PC 12 - EVMS Basic Concepts Stephen Osborn, Humphreys and Associates | IN 01 - Government Compliance Jerry McAfee, DCAA Diane Lindsey and Rene Morgan, DCAA | EXB01 - Booz Allen Hamilton's Dynamic Macro Cost Model Chris Crafton and Jennifer D. Li, Booz Allen Hamilton 11:00 - 12:00 |
| Lunch served on Bayview Lawn | | | | |
| 1:30-3:00 | FD 12 - Contract Pricing Bethia Cullis, TASC Amanda Flynn, TASC | PC 04 - Data Collection and Analysis Daniel Galorath, Galorath, Inc. | IN 12 - Integrated Baseline Review (IBR) Stephen Osborn, Humphreys and Associates | EXB04 - Executive Business Services' Enterprise Proposal Solutions (ProPricer) Denni Griffith, Exec. Bus. Svcs. 2:00 - 3:00 |
| Break | | | | |
| 3:30-5:00 | FD 11 - Economic Analysis Bethia Cullis, TASC Tucker Moore, TASC | PC 06 - Company-Developed Complex Models Hank Apgar, MCR | IN 05 - Government Cost Data Sources Rick Collins, Technomics Rob Currie, Technomics | EXB03 - How ACEIT Turns Your Data Into A Solution- Alfred Smith and John McGahan, ACEIT 3:30 - 4:30 |
| 5:00 -5:30 | Speakers' Meeting | | CCEA Exam Overview | CPP Exam Overview |
| 5:30 -6:00 | | | | |
| 5:45 - 7:30 | Welcome Reception Sponsored by TASC, Inc. (Included In Conference Fee) | | | |

Wednesday 9 June 2010 - Conference Schedule

Continental Breakfast Served from 7:30 - 8:30

Guest Program Breakfast 8:30 - 9:30 served in Marina 4

Conference Opening and Keynote Speaker Dave Burgess 8:15 - 9:30

Break

| Track Name | Training - Fundamentals | Training - Practitioner | Training - Integration | EVM/Scheduling | Management Life-Cycle Cost | Methods | Software & IT | Models | Risk | |
|-------------|---|--|---|---|---|--|--|---|---|-------------|
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 1 | Marina 4 | Exec Center 1 | Exec Center 4 | Exec Center 3A & 3B | Exec Center 2A & 2B | Seabreeze 2 |
| 10:00-10:45 | FD 05 - Learning Curve Analysis Bethia Cullis, TASC Greg Hogan, Booz Allen Hamilton | PC 05 - Cost Estimating Relationships (CERs) Christian Smart, MDA | IN 11 - Software/Systems Acquisition Measurement Joseph Dean, AFCAA Rita Creel, SEI Cheryl Jones, RDECOM-ARDEC | EVM01 - A Case Study in EAC Growth Richard Coleman | MGT05 - Dan Galorath on Estimating Daniel Galorath | MET09 - Study on Developing CERs with Insufficient Data in Korean R&D Environment Sung Jin Kang | SOF08 - Software Maintenance: Debunking the Myths Donald Reifer | MOD05 - Cost Benefit Optimisation to Achieve Affordable Force Structures Zachary Jasnoff | RSK12 - Build Your Own Distribution Finder Alfred Smith | |
| 10:45-11:30 | | | | EVM02 - Programs and the Future of Project Management Simon Dekker | MGT08 - Change Management Data Collection Tool: Findings and Lessons Learned Laura Lucas | MET04 - Neural Network Cost Estimating Relationships Edwin Dean | SOF05 - Improving Software Cost Estimates Using the Univariate Model Brian Opaska | MOD02 - Time Phasing Cost Estimates in MS Excel Models William Black | RSK06 - Risk Identification and Visualization in a Concurrent Engineering Team Environment Jairus Hihn | |

Lunch served on Bayview Lawn - 11:30 - 12:30

Mini Panel featuring Susan Cote and Kathleen Hedges in Harbor Island 2 & 3 - 12:30 - 1:45

Coffee and Dessert in Harbor Island 1 - 1:45 - 2:15

| Track Name | Training - Fundamentals | Training - Practitioner | Training - Integration | EVM/Schedules | Life-Cycle Cost | Methods | Software & IT | Models | Risk | |
|-------------|---|--|---|---|--|--|---|--|--|-------------|
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 1 | Marina 4 | Exec Center 1 | Exec Center 4 | Exec Center 3A & 3B | Exec Center 2A & 2B | Seabreeze 2 |
| 2:15-3:00 | FD 04 - Basic Data Analysis Principles Richard Coleman, TASC Sam Toas, TASC | PC 07 - Complex Hardware Models Greg Kiviat, Sikorsky | IN 06 - Basic Critical Path Scheduling Sue Robinson, Project Performance, Inc. | EVM05 - Integrated Critical Scheduling Donna Pucciarello | LCC06 - A Cost Estimating Framework for Materials Obsolescence in Product-Service Systems Francisco Romero | MET03 - New Research in General Error Regression Model (GERM) Significance Testing Kevin Cincotta | SOF01 - Software Cost Estimating Relationships Jennifer Leotta | MOD03 - GDOT Planning Level Cost Estimation Review Study Jeff Carroll | RSK03 - JCL in a Nutshell Exploring the Math of Joint Cost & Schedule Risk Analysis Through Illustrative Examples Eric Druker | |
| 3:00 - 3:45 | | | | EVM06 - Ship Construction Estimates at Completion: A New Approach using the Weibull Function Shawn Rudolph | LCC04 - Developing an Efficient and Repeatable Life Cycle Cost Estimation Process Within an IPT Framework by Leveraging Parametric Tools and Constant Client Communication Kevin McKeel | MET05 - Testing for the Significance of Cost Drivers Using Bootstrap Sampling Daniel Feldman | SOF11 - Software Schedule Estimating Linked to Cost Estimates Sarah Springer | MOD08 - Simulation-based Experimentation: How to Scope and Estimate Development Projects Karen Mourikas | RSK04 - Budget-Constrained Joint Confidence Level Approach Peter Frederic | |

Break - 3:45 - 4:00

| | | | | | | | | | | |
|-------------|--|--|---|---|-------------------------|--|--|--|--|--|
| 4:00 - 4:45 | FD 06 - Linear Regression Peter Braxton, TASC Eric Druker, Booz Allen Hamilton | PC 01 - Technical Baseline Development Jason Dechoretz, MCR | IN 08 - Schedule Risk Analysis Stephen Book, MCR | EVM10 - How to Manage a Program Effectively: Parametric Estimating and EVM Bruce Fad | | | SOF07 - Comparative Analysis of Software Maintenance Modeling in the COCOMO II, SEER, SLIM and True S Cost Models Donald Reifer | | RSK05 - Modeling of Inflation Uncertainty in Cost-Risk Analysis James Glenn | CCEA Exam Study Session 3:00 - 5:00 |
| 4:45 - 5:30 | | | | | | | | | | |
| 6:00 - 7:00 | | | | | ISPA Membership Meeting | | | | | |

Thursday 10 June 2010 - Conference Schedule

Continental Breakfast Served from 7:30 - 8:30

Guest Program Breakfast 8:30 - 9:30 served in Marina 4

General Session and Keynote Speaker Stan Soloway 8:30 - 10:00

Break

| Track Name | Training - Fundamentals | Training - Practitioner | Training - Integration | Estimating | Management | Methods | Software & IT | Models | Risk | Informational Sessions |
|------------------------------|---|--|---|---|--|--|--|---|---|--|
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 1 | Marina 4 | Exec Center 1 | Exec Center 4 | Exec Center 3A & 3B | Exec Center 2A & 2B | Seabreeze 2 |
| 10:30-11:15 | FD 03 - Data Normalization and Inflation Sam Toas, TASC Brian Octeau, Technomics | PC 11 - Topics in Risk Christina Kanick, TASC Eric Druker, Booz Allen Hamilton | IN 02 - Other Parametric Applications Kurt Brunner, Tecolote | EST08 - Independent Cost Estimates for Defense Personal Property Systems Neslie Morrison | MGT04 - Service Cost Estimation with Uncertainty Using Agent Based Simulation John Erkoyuncu | MET10 - Using Fourier Analysis in Evaluating Program Office Estimates Angela Lemke | SOF03 - Estimating SOA, As Easy as 1, 2, 3 Arlene Minkiewicz | MOD06 - Standardizing Space Systems O&M Cost Estimating Robert Koury | RSK13 - Risk-Based Return On Sales (ROS) For Complex Contract Negotiations Peter Braxton | IS02 - Creative and Compliant Proposal Pricing Strategies Brian Greenberg, NCMA |
| 11:15-12:00 | | | | EST05 - Applying the Army Fully Burdened Cost of Fuel Methodology to Analyses of Alternatives David Hull | MGT03 - The 1989 NASA Space Exploration Initiative Cost Risk Estimate and Related Issues Edwin Dean | MET01 - Return on Investment Metrics: An Army Perspective Noel Bishop | SOF02 - Costs of Achieving Software Technology Readiness Arlene Minkiewicz | MOD07 - Adapting Bottoms-up Cost Estimating Relationships to New Systems Dale Masel | RSK07 - PMAG Risk Based Integrated Program Management Mun Kwon | |
| Lunch served on Bayview Lawn | | | | | | | | | | |
| Track Name | Training - Fundamentals | Training - Practitioner | Training - Integration | Estimating | Management | Methods | Software & IT | Models | Risk | Informational Sessions |
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 1 | Marina 4 | Exec Center 1 | Exec Center 4 | Exec Center 3A & 3B | Exec Center 2A & 2B | Seabreeze 2 |
| 1:30-2:15 | FD 09 - Probability and Statistics Peter Braxton, TASC Brian Octeau, Technomics | PC 09 - Multiplicative-Error Regression Stephen Book, MCR | IN 10 - Software Cost Estimating Allison Converse, Booz Allen Hamilton Lori Vaughan, Northrop Grumman | EST06 - Estimating Issues Associated with Agile Development Bob Hunt | MGT02 - Federal Budget Process: A Quick Primer Michael Brozyna | MET06 - Improving CER building: Getting rid of the R ² tyranny - Building a CER with the median Pierre Foussier | SOF09 - The Economics of Cloud Computing-- Addressing the Benefits of Infrastructure in the Cloud Ann Repczynski | MOD09 - Advancing the Art of Technology Cost Estimating-- Collaboration between NASA and Boeing Mark Schankman | RSK08 - Constructing Bounds For S-Curves Christopher Mehl | IS01 - The Estimating & Pricing Workforce of the Future Daniel Noteboom, The Boeing Company |
| 2:15-3:00 | | | | EST07 - Cost Benefit Analysis For Incorporation of Prognostics Jerry Le May | MGT07 - Innovative Procurement Approach for Satellite Constellations on Institutional Market Hervé Jourmier | MET07 - The Business Case for Bootstrapping: When you're stuck with incomplete data, here's how you make it work! Brett Gelso | SOF10 - Moving Desktops to the Cloud: The Costs and Benefits of Virtual Desktop Infrastructure Solutions Ryan Timm | MOD10 - Using the Joint Integrated Analysis Tool (JIAT) Daniel Schwartz | RSK14 - AFCAA Cost Risk And Uncertainty Analysis Metrics Manual Wilson Rosa | IS04 - Using Most Probable Cost As A Part Of The Source Selection Evaluation Process Bill Haseltine |
| Break | | | | | | | | | | |
| 3:30-4:15 | FD 08 - Basic Cost Risk Richard Coleman, TASC Eric Druker, Booz Allen Hamilton | PC 08 - Complex Software Models Jairus Hihn, JPL | IN 07 - Schedule Analysis Walter Majerowicz, ASRC Aerospace Corporation | EST01 - Review of Three Small-Satellite Cost Models Melvin Broder | MGT11 - Competition in DoD Systems Acquisition: Past Lessons and Future Considerations Brian Torgersen | MET08 - Simple Mean, Weighted Mean, or Geometric Mean? Shu-Ping Hu | SOF04 - Function Point Analysis: Introduction and Basic Overview as an Alternative to SLOC-based Estimation Tucker Moore | MOD11 - ESC Acquisition Support Factors and CERs ("Kanter's Factors"): Past, Present and Future Wesley Tate | RSK15 - More Trouble with Estimating at the 80th Percentile Tim Anderson | CCEA Exam Study Session 3:00 - 5:00 |
| 4:15-5:00 | | | | EST02 - Determining the Cost of the Certification and Accreditation Process using Expert Opinion and Monte Carlo Simulation Amanda Flynn | MGT01 - Risk Based BOE Analysis - PMAG Approach Imran Ahmed | SOF14 - Server Virtualization and Government Organizations Sandra Williams | MOD04 - Logistics Requirements Funding Summary (LRF) Cost Estimating Tool (CET): A Quick Cost Estimator for Logisticians Charles Gu | RSK01 - Capturing Risk Interdependencies: The CONVOI Method Blake Boswell | | |
| 6:00 - 9:00 | Reception and Awards Banquet at San Diego Air and Space Museum - (Included in Conference Fee) - Shuttle Bus Leaves at 5:30 and 6:15 Sponsored by Boeing, Lockheed Martin, and Northrop Grumman | | | | | | | | | |

Friday 11 June 20010 - Conference Schedule

Continental Breakfast Served from 7:30 - 8:30

Guest Program Breakfast 8:30 - 9:30 served in Seabreeze 2

| Track Name | Training - Fundamentals | Training - Practitioner | Training - Integration | Estimating | Management | Methods | EVM/Scheduling | Life-Cycle Cost | Risk | |
|--------------|--|--|---|---|--|--|---|---|--|--------------------------------|
| Room Name | Harbor Island 2 | Harbor Island 3 | Marina 2 | Seabreeze 1 | Marina 4 | Exec Center 1 | Exec Center 4 | Exec Center 3A & 3B | Exec Center 2A & 2B | Seabreeze 2 |
| 8:30-9:15 | FD 07 - Multivariate Regression Peter Braxton, TASC Richard Coleman, TASC | PC 02 - Development of Work Breakdown Structures Kerry Sheehan, MCR | IN 04 - PEH Appendices Overview Roy Smoker, MCR | EST09 - Improving ERP Cost Estimation in the DoD: Practical Metrics for Estimating ERP Acquisitions Wilson Rosa | MGT09 - Transforming Estimating and Pricing Organizations to Attract and Leverage the Strengths of the New Workforce Stanton Smith | MET02 - Detecting Anomalous Cost Data in an Integrated Data Warehouse Lawrence Brown | EVM08 - Technical Content and Risk-Based IBR Nhung Tran | LCC07 - Estimating Life-cycle Cost of West Virginia Fiber Reinforced Polymer (FRP) Bridge Decks Sidharta Sahirman | RSK09 - The Importance of Schedule Analysis and a Schedule Risk Assessment (SRA) in Formulating a Joint Confidence Level (JCL) Assessment James Quilliam | |
| 9:15-10:00 | | | | EST10 - Cost Factors Contributing to the Choice of Aerospace Advanced Materials Paul Shields | MGT10 - Business Modeling: Cost Analysis in The Operations Environment John Teal | | EVM03 - Integrated Master Planning Formulation-PMAG Approach Nancy Droz | LCC08 - Developing a Milestone-A Analysis of Alternatives Cost Estimate Chadd Sibert | RSK02 - Understanding Risk in the Budgeting Process from a Portfolio Point of View Ryan Boulais | |
| Break | | | | | | | | | | |
| 10:30-11:15 | FD 10 - Manufacturing Cost Estimating Justin Knowles, TASC Kent Joris, TASC | PC 10 - Advanced Cost Risk Eric Druker, Booz Allen Hamilton Richard Coleman, TASC | IN 03 - International Use of Parametrics Rene Berghuijs, NATO ACCS Mgmt Agency | EST03 - Developing Far-Term Portfolio Cost Estimates for a System of Systems Kevin Foley | MGT06 - Who Moved My Milestone? Cost and Risk Implications of Selected Changes in the New DOD5000 Defense Acquisition Framework Peter Hantos | | EVM04 - Control Account Manager (CAM) Notebook Evaluation Eddie Hall | LCC01 - Use of Life Cycle Cost Estimates in OMB-300 Budget Reporting David Brown | RSK11 - Here, There Be Dragons: Considering the Right Tail in Risk Management Christian Smart | |
| 11:15-12:00 | | | | EST04 - Lessons Learned from New Subsystem Development in Manned Space Robert Georgi | | | LCC02 - Life Cycle Cost Estimation of System of Systems Kishore Gagrani | | | |
| 12:00 - 1:30 | | | | | | | | | | |
| 1:30-2:30 | | | | | SCEA Membership Meeting | | | | | CCEA Exam Study Session |
| 2:30 - 3:30 | | | | | | | | | | |
