

SOCIETY OF COST ESTIMATING AND ANALYSIS

CEBoK™ PRICING

April 1, 2010

The SCEA Cost Estimating Body of Knowledge (CEBoK™) CD-Based desktop reference system and training curriculum significantly expands on the information included in our previous training system, CostPROF. It is the single-most comprehensive cost resource available, with information divided into five logical units comprising sixteen study modules, and is designed for individual or group study.

Pricing for CEBoK is structured so that it may be ordered CD-based in single copies, in multiple individual copies, or as a server loadable system for use across a corporation or government organization:

Individual License

- Individual License for single copy of software: \$230 for SCEA Members and \$330 for Non-Members.
- Multiple Copies of Individual License (Cumulative by company/organization)

<u># of Copies</u>	<u>Price per Copy</u>
6 – 9	\$190
10 – 24	\$175
->24	\$150

Enterprise License

- Unlimited Use Enterprise License
 1. Software to be hosted on one or more corporate servers instead of individual CDs. User is responsible for software installation.
 2. Available for \$12,500. Contact SCEA National Office for details.
 3. Multi-year payment terms available.
- Defined Quantity Enterprise License
 1. Pricing based on estimated number of analysts who will access CEBoK over 24-month period, multiplied by unit price from Multiple Copy Schedule, divided by 2. Pricing starts at 20 users.
 2. License can be by site or across all company locations (enterprise).

Use of CEBoK Material in Classroom or Web-based Training Courses

- CEBoK is copyrighted by SCEA. Instructors wishing to make use of CEBoK material in fee-based instructional courses may acquire limited rights to use CEBoK for the fee of \$5 per student day of training. Such limited rights are referred to as an Instructional License Fee and must be granted in writing by SCEA prior to conduct of the training.
